Everspin Reports Third Quarter 2020 Financial Results

Achieves Positive Cash Flow From Operations

CHANDLER, Ariz.--(BUSINESS WIRE)--November 5, 2020--Everspin Technologies, Inc. (NASDAQ: MRAM), the market leader in MRAM, today announced financial results for the third quarter ended September 30, 2020.

Third Quarter Highlights

- Total revenue increased 10.3% year-over-year to \$10.1 million
- Operating expenses declined 24% over the prior year period
- GAAP net loss per share remained flat at (\$0.21) compared to the third quarter of 2019
- Generated \$0.7 million cash flow from operations
- Ended quarter with cash and equivalents of \$13.9 million

"We are happy to report that in Q3 we achieved our goal of generating cash flow from operations. We hit our target of reducing annual operating expenses by \$5 million over last year one quarter ahead of plan, while maintaining our critical R&D programs and key business initiatives," stated Kevin Conley, Everspin's President and CEO. "Our emphasis on cash management, product cost, and operational excellence have been fundamental to our continued progress.

"During the quarter, we started production shipments of our second STT-MRAM design win for a persistent memory card application with an OEM customer that sells into the data center segment. Combined with the expansion of our Toggle product line, we believe that we are well positioned to drive revenue growth as the overall demand for memory and storage increases and applications that benefit from the performance and reliability of MRAM continue to expand."

Third Quarter 2020 Results

Total revenue for the third quarter of 2020 was \$10.1 million, compared to \$11.8 million last quarter and \$9.2 million in the third quarter of 2019.

GAAP gross margin for the third quarter of 2020 was 23.0%, compared to 43.9% in the prior quarter and 47.4% in the third quarter of 2019. Third quarter gross margin included a \$1.7 million non-cash charge related to excess and obsolete inventory reserve , \$0.4 million of accelerated depreciation and \$0.1 million related to a prior period cost adjustment.

GAAP operating expenses for the third quarter of 2020 decreased to \$6.0 million, compared to \$6.3 million in the second quarter of 2020 and \$7.9 million in the third quarter of 2019. GAAP operating expenses in each of these periods included \$0.9 million of stock-based compensation.

GAAP net loss for the third quarter of 2020 was \$3.9 million, or (\$0.21) per share, based on 18.9 million weighted-average shares outstanding. This compares to a GAAP net loss of \$1.3 million, or (\$0.07) per share, in the second quarter of 2020 and a GAAP net loss of \$3.7 million, or (\$0.21) per share, in the third quarter of 2019.

Adjusted EBITDA for the third quarter of 2020 was a negative (\$2.0) million, compared to a positive \$0.2 million last quarter and a negative (\$2.2) million in the prior year period.

Cash and cash equivalents as of September 30, 2020 increased to \$13.9 million compared to \$12.9 million at the end of the second quarter of 2020.

Business Outlook

For the fourth quarter of 2020, Everspin expects total revenue in a range between \$10.1 million and \$10.9 million, which at the mid-point represents an 8.7% increase over total revenue of \$9.7 million in the year-ago quarter. GAAP net loss per share is expected to range between (\$0.10) and (\$0.04) per share, which reflects expected stock-based compensation expense of approximately \$0.9 million.

Use of Non-GAAP Financial Measures

We supplement the reporting of our financial information determined under generally accepted accounting principles in the United States of America (GAAP) with Adjusted EBIDTA, which is a non-GAAP financial measure. We define Adjusted EBITDA as net income (loss) adjusted for interest expense, taxes, depreciation and amortization, stock-based compensation expense, and restructuring costs if any.

Our management and board of directors use Adjusted EBIDTA to understand and evaluate our operating performance and trends, to prepare and approve our annual budget and to develop short-term and long-term operating and financing plans. Accordingly, our management believes that this non-GAAP measure provide useful information for investors in understanding and evaluating our operating results in the same manner as our management and our board of directors, as well as facilitating comparisons of our operating performance on a period-to-period basis.

Non-GAAP financial measures, including Adjusted EBIDTA, should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. Moreover, other companies may define non-GAAP measures differently, which limits the usefulness of these measures for comparisons with such other companies. We encourage investors to review our financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure.
